

## Harmonic Vision Product Descriptions

### General:

- All versions are available for *Music Ace* and *Music Ace 2*
- All versions supplied on CD-ROM media
- All versions support Windows 95/98/NT4/Me/2000/XP and Macintosh PowerPC/iMac/G3/G4
- All versions include the *Music Doodle Pad* component

### **Consumer Version (Single-computer)**

Consumer version packaged in standard, shrink-wrapped software box for use primarily on home computers. Licensed for use on a single computer. Comes with one CD-ROM. Tracks the progress of 10 users.

### **Educator Version (Single-computer)**

Educator Version packaged in a shrink-wrapped 3-ring binder that contains a 72-page Teacher's Guide and reproducible student activity sheets. Licensed for use on a single computer. Tracks the progress of 240 students. Comes with one CD-ROM. Designed for use in schools and music studios.

### **Educator Lab Pack Version**

The Educator Version is available as a standard 5 seat Lab Pack. The Lab Packs are identical to the standard educator version except they are licensed for multiple seats (computers). The Educator Lab Pack is packaged in a shrink-wrapped 3-ring binder that contains a 72-page Teacher's Guide and reproducible student activity sheets. Additional seats may be purchased to increase the total capacity to any number beyond the basic 5 seats.

### **Educator Network Version**

The basic Network 5 Version is packaged in a shrink-wrapped 3-ring binder that contains a 72-page Teacher's Guide and reproducible student activity sheets. Licensed for use on a local area network with one server and 5 seats (workstations). Tracks the progress of 3750 students. Comes with one CD-ROM. Designed primarily for use in schools with networks. Additional seats may be purchased to increase the capacity of this version to any number beyond 5. Maximum student tracking is 3750 regardless of how many seats are licensed.
